
TECHNOLOGY DEVELOPMENT, TECHNICAL SUPPORT & INTELLECTUAL PROPERTY OWNERSHIP AGREEMENT

Agreement No.: SI/DEVUP/TECH/2026/001

Effective Date: _____

Place: Hyderabad, Telangana, India

1. Parties

This Agreement is entered into between:

Party 1 – Startups India ("Owner" or "Client"), the owner and operator of the Startups India platform (Startupsindia.in).

Party 2 – DevUP Society ("Technology Support Provider"), engaged to provide technology development, technical support, interns, and software engineering services for the Startups India platform.

2. Purpose

DevUP Society shall provide technology development and support services for the Startups India platform. All work shall be performed as a service provider only and shall not create any ownership, partnership, equity, or co-founder rights in favor of DevUP Society or its members.

3. Scope of Work

- Website Development
- Mobile Application
- Admin Panel
- CRM Integration
- API Development
- UI/UX Implementation
- Testing & Bug Fixing
- Technical Support
- Deployment & Maintenance

4. Ownership

All source code, mobile applications, websites, databases, CRM systems, APIs, UI/UX, documentation, designs, server configurations, automation workflows, project documents and every deliverable created under this Agreement shall be the exclusive property of Startups India. DevUP Society and its members shall not claim any ownership or intellectual property rights.

5. Digital Assets

All domains, hosting, cloud servers, GitHub repositories, source code, email accounts, API keys, payment gateway accounts and production infrastructure shall remain under the ownership or exclusive administrative control of Startups India.

6. Confidentiality

DevUP Society and every intern, employee or contributor shall keep confidential all business, technical and commercial information received from Startups India. Separate NDAs shall be executed by all individuals.

7. Data Ownership

All user data, customer information, student records, CRM data, analytics, documents and databases belong exclusively to Startups India. No copying, sharing or retention is permitted except as required to perform the services.

8. Payment

Startups India shall provide internship certificates to eligible interns and pay the mutually agreed lump-sum amount to DevUP Society. Such payment does not transfer any ownership rights.

9. Handover

Upon completion or termination, DevUP Society shall hand over all source code, credentials, documentation, repositories and project assets and shall cooperate in a smooth transition.

10. Termination

Either party may terminate this Agreement by written notice in case of material breach. Clauses relating to ownership, confidentiality, intellectual property and data ownership shall survive termination.

11. Legal Remedies

In the event of unauthorized use, disclosure, copying or misappropriation of Startups India's intellectual property, confidential information or data, Startups India may seek

injunctive relief, recovery of damages, legal costs and any other remedies available under applicable law. The parties may additionally agree on liquidated damages in a separate schedule where legally enforceable.

12. Governing Law

This Agreement shall be governed by the laws of India. Courts and/or arbitration seated in Hyderabad, Telangana shall have jurisdiction as permitted by applicable law.

DOCUMENT 02 NON-DISCLOSURE AGREEMENT (NDA)

Agreement No.: SI/NDA/2026/002

Effective Date: _____

1. Parties

This Non-Disclosure Agreement ("Agreement") is entered into between:

Party 1: Startups India ("Disclosing Party")

Party 2: _____ ("Receiving Party"), who may be a representative of
DevUP Society, intern, employee, consultant or contractor.

2. Purpose

The Receiving Party may receive confidential information while providing technology development and support services for Startups India. This Agreement protects that information.

3. Confidential Information

- Source code, APIs, repositories and documentation
- Business plans, financial information and strategies
- CRM, databases, user data and student records
- Passwords, API keys, server credentials and cloud infrastructure
- Investor, mentor, college and partner information
- Designs, UI/UX, product roadmaps and internal communications

4. Obligations

- Keep all confidential information secret.
- Use confidential information only for Startups India work.
- Do not copy, share, sell, publish or disclose information without written approval.
- Do not upload project files to personal repositories or cloud storage.
- Immediately report any data breach or unauthorized access.

5. Return of Information

On request or upon termination, the Receiving Party shall immediately return or permanently delete all confidential information and certify that no copies have been retained, except where retention is required by law.

6. Intellectual Property

This Agreement does not transfer any ownership rights. All intellectual property, data and work products remain the exclusive property of Startups India.

7. Duration

The confidentiality obligations begin on the Effective Date and continue during the engagement and for five (5) years after it ends, or longer where required by law or another agreement.

8. Breach

Any unauthorized disclosure or misuse of confidential information may result in disciplinary action, termination of engagement, legal proceedings, injunctive relief, recovery of damages and other remedies available under applicable law.

9. Governing Law

This Agreement shall be governed by the laws of India. Jurisdiction and dispute resolution shall be as agreed in the Master Agreement or otherwise in Hyderabad, Telangana, subject to applicable law.

10. Signatures

Party 1 Startups India Name: Signature: Date:	Receiving Party Name: Signature: Date:

DOCUMENT 03

INTELLECTUAL PROPERTY (IP) ASSIGNMENT AGREEMENT

Agreement No.: SI/IPA/2026/003

Effective Date: _____

1. Parties

This Intellectual Property Assignment Agreement is entered into between:

Party 1: Startups India ("Owner")

Party 2: _____ ("Assignor"), an employee, intern, consultant, contractor or representative of DevUP Society.

2. Purpose

The Assignor agrees that all intellectual property created, developed or contributed during the engagement for the Startups India project shall belong exclusively to Startups India.

3. Assignment of Intellectual Property

The Assignor irrevocably assigns to Startups India, to the extent permitted by applicable law, all rights, title and interest in every work product created for the project, including:

- Source code (frontend, backend, mobile applications)
- Admin panel, CRM, APIs and integrations
- Databases, schemas and automation workflows
- UI/UX designs, graphics and project assets
- Technical documents, manuals and specifications
- Scripts, deployment files and DevOps configurations
- Bug fixes, enhancements, updates and future improvements made during the engagement

4. Moral Rights & Cooperation

Where permitted by law, the Assignor waives or agrees not to assert moral rights in the assigned work products and shall sign any reasonable documents required to confirm or register Startups India's ownership.

5. No Ownership Claim

The Assignor shall not claim ownership, authorship rights that conflict with this assignment, royalties, licensing rights or any proprietary interest in the project or its deliverables after assignment.

6. Third-Party Materials

The Assignor shall not include third-party proprietary material without written approval and shall disclose any open-source components used together with their applicable licenses.

7. Return of Project Assets

Upon completion or termination, the Assignor shall return all project files, credentials, repositories, documents and devices belonging to Startups India and shall not retain unauthorized copies.

8. Breach

Unauthorized use, copying, licensing, sale or disclosure of assigned intellectual property may result in termination, legal proceedings, injunctive relief, recovery of damages and other remedies available under applicable law.

9. Governing Law

This Agreement shall be governed by the laws of India and interpreted together with the Master Technology Development Agreement.

10. Signatures

Party 1 Startups India Authorized Signatory Name: Signature: Date:	Assignor Name: Signature: Date:
Witness 1 Name: Signature:	Witness 2 Name: Signature:

EMPLOYEE / INTERN ENGAGEMENT AGREEMENT

Agreement No.: SI/EIA/2026/004 | Effective Date: _____

1. PARTIES

This Employee / Intern Engagement Agreement ("Agreement") is made on the Effective Date stated above by and between:

PARTY 1 — STARTUPS INDIA

A proprietorship business carried on under the trade name "STARTUPS INDIA", acting through its lawful proprietor/authorised representative, having its principal business address at: _____ ("Startups India", "Organization" or "Company").

PARTY 2 — EMPLOYEE / INTERN

Name: _____
Permanent Address: _____
Email: _____ Mobile: _____
College/Institution: _____
Student/Employee ID: _____
Date of Birth: _____ Age: _____

If the individual is engaged through DevUP Society, DevUP is only a facilitating/coordinating organisation unless expressly made a party to a separate written agreement. The individual's obligations to Startups India under this Agreement are direct and independent.

2. ROLE AND ENGAGEMENT

Designation / Role: _____
Department: Technology
Reporting Manager: _____
Engagement Type: ☐ Internship ☐ Contractual Engagement ☐ Employment
Start Date: _____ End Date / Duration: _____
Stipend / Salary / Consideration: ₹_____ per _____.

The legal nature of the engagement shall be determined by the selected engagement type, the applicable written terms and applicable law.

3. PURPOSE

The Employee / Intern is engaged to perform authorised work for Startups India, including software development, engineering, testing, technical support, documentation, maintenance, research, implementation, deployment and related activities assigned by

4. DUTIES AND RESPONSIBILITIES

- Perform assigned duties diligently, professionally and according to reasonable instructions.
- Meet agreed timelines and promptly report blockers, delays, errors, dependencies and security concerns.
- Follow approved coding, development, documentation and security standards.
- Maintain accurate technical/project documentation and provide progress updates.
- Use Startups India systems, data, equipment and accounts only for authorised purposes.
- Protect confidential, proprietary and personal information.
- Immediately report suspected unauthorised access, data loss, credential compromise, malware or disclosure.
- Comply with Startups India policies, including acceptable-use and credential/security policies.

5. CODE OF CONDUCT

- Maintain professional, respectful and lawful conduct.
- Do not misuse, damage, delete, disable or interfere with Startups India assets, systems, accounts or data.
- Do not disclose source code, project information, credentials, customer information or internal communications without written authorisation.
- Do not represent yourself as owner, partner, director, agent, spokesperson or legal representative of Startups India unless expressly authorised.
- Do not use Startups India resources for personal commercial projects or other organisations without written approval.
- Comply with lawful and reasonable instructions of authorised managers.

6. CONFIDENTIALITY

“Confidential Information” includes all non-public technical, business, commercial, financial, operational, security and personal information relating to Startups India, including source code, repositories, software, databases, customer/user/student/founder information, investor/partner information, credentials, API keys, infrastructure, business plans, strategies, pricing, roadmaps, designs, analytics, contracts, documents and internal communications.

- Use Confidential Information only for authorised Startups India work.
- Do not disclose it to any person or organisation without prior written authorisation.

- Do not copy, download, export, photograph, screenshot, publish, sell, license, transfer or retain it except as necessary for authorised work.
- Do not upload it to personal repositories, personal cloud storage or public/unapproved AI tools.
- Immediately report any actual or suspected unauthorised access, loss or disclosure.

These obligations continue during and after the engagement. Trade secrets and information that remains confidential shall continue to be protected for so long as they remain confidential, subject to applicable law.

7. INTELLECTUAL PROPERTY AND WORK PRODUCT

All Work Product created, developed, authored, designed, modified, tested, documented or contributed by the Employee / Intern specifically for Startups India in connection with the engagement shall be owned by Startups India to the fullest extent permitted by applicable law and subject to the separate Intellectual Property Assignment & Work Product Agreement.

“Work Product” includes source code, object code, scripts, APIs, database schemas, documentation, specifications, UI/UX, graphics, tests, bug fixes, enhancements, integrations, automation, deployment files, DevOps configurations, technical research, project documents and improvements created in connection with the engagement.

The Employee / Intern shall execute reasonable further documents required to evidence or enforce Startups India’s rights. The separate IP Assignment shall identify the relevant rights, duration, territorial extent and consideration as required by applicable law.

8. THIRD-PARTY AND OPEN-SOURCE MATERIAL

- Do not introduce third-party proprietary code, confidential material or copyrighted material without required approval.
- Disclose open-source components and applicable licences before inclusion where approval is required.
- Do not introduce software with licence obligations that materially conflict with Startups India’s intended commercial use without written approval.

9. ACCESS, CYBERSECURITY AND SYSTEM USE

- Access credentials are personal, confidential and for authorised use only.
- Passwords, MFA codes, API keys, tokens and SSH keys must never be shared.
- Enable MFA where available and required.
- Do not create unauthorised administrator, recovery or backdoor accounts.
- Do not bypass or disable security controls or logging.
- Production access is revocable and requires specific authorisation.
- Do not copy production databases or Personal Data to personal devices or unapproved environments.
- Access may be modified, suspended or revoked immediately where reasonably necessary to protect Startups India.

Technical access is a limited permission and does not confer ownership, licence or authority beyond the permissions expressly granted.

10. DATA PROTECTION

Where the Employee / Intern accesses or processes Personal Data, such processing shall be only for authorised Startups India purposes and in accordance with applicable data-protection law, Startups India instructions and the Data Protection, Data Processing & Information Security Agreement.

- Do not use Personal Data for personal, academic, commercial or unrelated purposes.
- Do not disclose Personal Data to unauthorised persons.
- Do not export or retain Personal Data beyond authorised requirements.
- Immediately report any suspected personal-data breach or unauthorised disclosure.

11. MONITORING

To the extent permitted by applicable law, Startups India may monitor company-owned systems, repositories, logs, accounts, devices and network activity for security, compliance, operational continuity, fraud prevention and incident investigation.

12. REPRESENTATIONS

- The information provided to Startups India is true and complete to the best of my knowledge.
- I will not knowingly introduce another person's confidential information or proprietary code into Startups India systems.
- I will comply with applicable law and Startups India policies.
- I understand that unauthorised access, misuse, copying or disclosure may create contractual, civil, criminal, regulatory or other legal consequences under applicable law.

13. CONFIDENTIALITY / DATA BREACH — STIPULATED COMPENSATION

If the Employee / Intern commits a material breach involving unauthorised disclosure, publication, transfer, sale, copying, misuse or unauthorised access to Startups India Confidential Information, source code, Personal Data, customer/user information, credentials, security information or other protected information, Startups India may immediately suspend/revoke access, terminate the engagement where lawfully permitted, seek injunctive or equitable relief, and pursue compensation, damages, costs and other remedies available under applicable law.

The parties acknowledge that a serious confidentiality or data-security breach may cause substantial and difficult-to-quantify loss. Accordingly, for a material breach of this Section, ₹5,00,000 (Rupees Five Lakh only) is agreed as a stipulated amount intended as reasonable compensation / liquidated damages and not as a punitive fine. The amount shall remain subject to applicable law and judicial determination, including Section 74 of the Indian Contract Act, 1872. Startups India may claim reasonable compensation up to the stipulated amount, together with other relief that is legally available and not barred by this Agreement.

Nothing in this clause prevents Startups India from seeking urgent injunctive relief, preservation of evidence, return/deletion of information, recovery of property/data, access revocation or reporting suspected unlawful conduct to competent authorities.

The ₹5,00,000 amount does not authorise or purchase any right to disclose or misuse confidential information. Deliberate or unlawful disclosure remains prohibited and may result in legal action.

14. LEGAL ACTION AND REMEDIES

Startups India may take appropriate legal action where permitted by law, including civil proceedings, arbitration where applicable, applications for injunctive relief, recovery of damages and costs, and reporting suspected unlawful conduct to competent authorities. No non-waivable statutory right or remedy is excluded.

15. PERFORMANCE AND TERMINATION

Startups India may review performance, conduct, compliance and project contribution. Subject to applicable law and the selected engagement type, the engagement may be terminated for misconduct, material breach, confidentiality/data breach, security violation, persistent non-performance, falsification, misuse of company assets or other lawful grounds.

Where immediate protection of systems, data, customers or business interests

reasonably requires it, Startups India may immediately suspend system access while investigating the matter.

16. EXIT, HANDOVER AND ACCESS REVOCATION

- Return all Startups India property, documents, devices and materials.
- Complete knowledge transfer and hand over source code, repositories, documentation and project information.
- Return or securely delete company data and confidential information as instructed.
- Stop using Startups India systems and accounts immediately upon access revocation.
- Cooperate with credential rotation and access removal.
- Sign the Exit, Access Revocation & Asset Handover Certificate where required.

17. SURVIVAL

Confidentiality, intellectual property, data protection, cybersecurity, non-use, return/deletion, remedies, dispute resolution and other provisions intended by their nature to survive shall remain effective after termination.

18. NO BLANKET POST-ENGAGEMENT RESTRAINT

Nothing in this Agreement is intended to prohibit a person from pursuing lawful education, employment, profession, trade or business after the engagement. Continuing obligations are directed to protection of Startups India's confidential information, intellectual property, Personal Data, trade secrets and other legitimate proprietary interests, subject to applicable law.

19. GOVERNING LAW AND DISPUTE RESOLUTION

This Agreement is governed by the laws of India. The parties shall first attempt good-faith resolution. Where the Master Agreement provides for arbitration, the dispute shall follow that mechanism. Otherwise, courts at Hyderabad, Telangana shall have jurisdiction, subject to applicable law.

20. GENERAL

- This Agreement shall be read with the NDA, IP Assignment Agreement, Data Protection & Information Security Agreement, Acceptable Use Policy and other applicable Startups India policies.
- If there is a conflict, a specific signed agreement prevails over a general policy to the extent of the conflict, subject to mandatory law.
- No amendment is valid unless made in writing and accepted/signed by authorised representatives as required by law.
- If any provision is invalid or unenforceable, the remaining provisions continue and the provision shall be modified only to the minimum extent legally permissible.
- Failure to enforce a provision is not a waiver.
- This Agreement may be supplemented by project-specific written terms.

21. ACKNOWLEDGEMENT

I confirm that I have read and understood this Agreement and voluntarily agree to comply with the obligations applicable to my engagement.

EXECUTION NOTE: The ₹5,00,000 clause is intentionally drafted as stipulated reasonable compensation / liquidated damages subject to applicable law, rather than an automatic punitive fine. Section 74 of the Indian Contract Act provides that where a sum is named, reasonable compensation may be awarded up to that amount. Final execution should be reviewed by a Telangana-qualified advocate, including applicable stamp/e-stamp and engagement-specific requirements.

DOCUMENT 05

STARTUPS INDIA EMPLOYEE & INTERN HANDBOOK

Version: 1.0

Applicable to: Employees, Interns, Consultants and DevUP Society Team Members
working on Startups India projects.

1. Purpose

This handbook defines the minimum rules, responsibilities and working standards for every person contributing to the Startups India technology platform.

2. Working Standards

- Complete assigned work on time.
- Attend scheduled meetings unless excused.
- Maintain professional communication.
- Report blockers immediately.
- Keep project documentation updated.

3. Confidentiality

- Never share source code or project files without approval.
- Do not disclose business plans, customer data or credentials.
- Use company information only for official work.

4. GitHub & Development Rules

- Use only authorized repositories and branches.
- Do not delete repositories, branches or production data without approval.
- Code must be reviewed before merging.
- Do not upload project code to personal repositories without written approval.

5. Security Policy

- Do not share passwords or API keys.
- Enable multi-factor authentication where available.
- Lock your device when away from your desk.
- Report any suspected security incident immediately.

6. Company Assets

- All code, designs, documents, databases and digital assets belong to Startups India.
- Return all assigned assets, credentials and documents upon request or exit.

7. Professional Conduct

- Respect all team members.
- Do not harass, discriminate or misuse company resources.
- Follow lawful instructions from authorized managers.

8. Exit Checklist

- Hand over source code and documentation.
- Return access credentials and company assets.
- Complete knowledge transfer.
- Sign the Exit & Handover Form.

9. Policy Violations

Violations may lead to suspension of access, disciplinary action, termination of engagement and legal action where appropriate under the signed agreements and applicable law.

10. Acknowledgement

I acknowledge that I have read this handbook and agree to comply with its policies together with the Master Agreement, NDA and IP Assignment Agreement.

DOCUMENT 06

DATA PRIVACY & INFORMATION SECURITY AGREEMENT

Agreement No.: SI/DPISA/2026/006

Effective Date: _____

1. Parties

Party 1: Startups India ("Data Owner")

Party 2: _____ ("Authorized User"), including any employee, intern, consultant or DevUP Society member working on the Startups India project.

2. Purpose

This Agreement establishes the rules for accessing, processing, storing and protecting Startups India's confidential data and information systems.

3. Data Ownership

All platform data, databases, CRM records, student information, founder information, mentor and investor details, documents, analytics, backups and digital records are the exclusive property of Startups India.

4. Authorized Access

- Access only the information required for assigned work.
- Use only approved company accounts and systems.
- Do not create unauthorized copies of company data.

5. Prohibited Activities

- Sharing confidential information with unauthorized persons.
- Downloading or exporting data for personal use.
- Using company data for another client or business.
- Disabling security controls or attempting unauthorized access.
- Retaining copies of data after the engagement ends.

6. Security Requirements

- Keep passwords and API keys confidential.
- Enable multi-factor authentication where available.
- Report any suspected data breach immediately.
- Use secure devices and updated software for project work.

7. Return & Deletion

Upon request or termination, all company data, credentials, backups and files shall be returned or securely deleted as instructed by Startups India.

8. Breach

Any misuse, unauthorized disclosure or unauthorized access to Startups India's information may result in immediate suspension of access, termination of engagement and legal action or other remedies available under applicable law.

9. Governing Law

This Agreement shall be governed by the laws of India and read together with the Master Agreement, NDA and IP Assignment Agreement.

Declaration No.: SI/SCOD/2026/007

Date: _____

1. Developer Details

Name: _____

Designation: _____

Organization: DevUP Society / Startups India

Project: Startups India Technology Platform

2. Declaration

I hereby declare and agree that:

- All source code, scripts, APIs, databases, UI/UX, documentation, automation workflows and other technical work created by me for the Startups India project belong exclusively to Startups India.
- I do not retain any ownership, copyright or other proprietary interest in such work except where expressly agreed in writing.
- I have not knowingly copied proprietary code from another employer, client or third party without authorization.
- I will not upload Startups India project code to personal repositories or share it with unauthorized persons.
- I will promptly hand over all source code, repositories, credentials, documentation and project assets upon request or at the end of my engagement.
- I will not reuse or distribute confidential Startups India source code outside the scope of my authorized work.

3. Acknowledgement

I confirm that I have read and understood the Master Agreement, NDA, Intellectual Property Assignment Agreement and Information Security Agreement, and I agree to comply with them.

EXIT & ASSET HANDOVER AGREEMENT

Agreement No.: SI/EAH/2026/008

Exit Date: _____

1. Parties

Party 1: Startups India

Party 2: _____ (Employee / Intern / Consultant / DevUP Society Member)

2. Purpose

This Agreement confirms the completion of the engagement and the return of all Startups India assets, information and access rights.

3. Handover Checklist

- Source code handed over.
- Documentation completed and delivered.
- GitHub repositories/branches transferred or access removed.
- Server, hosting and cloud credentials returned or removed.
- CRM, database and admin access revoked.
- API keys, tokens and secrets returned.
- Knowledge transfer completed.
- Company devices and equipment returned (if applicable).

4. Developer Declaration

I declare that I have returned all Startups India assets under my control and, to the best of my knowledge, I have not retained unauthorized copies of confidential information, source code, credentials or project files.

5. Continuing Obligations

- Confidentiality obligations continue under the signed NDA.
- Intellectual Property ownership remains with Startups India.

- Any future use or disclosure of confidential information without authorization is prohibited.

6. Final Clearance

The reporting manager shall verify the handover before issuing final clearance and any internship completion or relieving documents, where applicable.

NON-SOLICITATION & CONFLICT OF INTEREST AGREEMENT

Agreement No.: SI/NSCI/2026/009

Effective Date: _____

1. Parties

Party 1: Startups India

Party 2: _____

(Employee / Intern / Consultant / DevUP Society Representative)

2. Purpose

This Agreement protects Startups India's business relationships and requires disclosure of conflicts of interest during the engagement.

3. Non-Solicitation

- Do not solicit or recruit Startups India employees or interns for another organization using confidential information or relationships developed through the project.
- Do not solicit Startups India clients, startup founders, mentors, investors, colleges or strategic partners using confidential business information obtained through the engagement.
- Do not encourage team members to leave the project in violation of their commitments.

4. Conflict of Interest

- Promptly disclose any actual or potential conflict of interest.
- Do not work on assignments that create an undisclosed conflict with Startups India.
- Obtain written approval before using project resources for any outside engagement.

5. Confidential Business Information

Business contacts, pricing, strategies, partner information, customer lists and similar confidential information shall be used only for authorized Startups India work.

6. Duration

The obligations in this Agreement apply during the engagement and continue after it ends to the extent permitted by applicable law and any related agreements.

7. Breach

A breach of this Agreement may result in disciplinary action, termination of the engagement and legal remedies available under applicable law, including injunctive relief where appropriate.

8. Governing Law

This Agreement shall be governed by the laws of India and interpreted together with the Master Agreement.

ACCEPTABLE USE & TECHNOLOGY POLICY

Policy No.: SI/AUTP/2026/011

1. Purpose

This policy defines the acceptable use of Startups India technology resources by employees, interns, consultants and DevUP Society members.

2. Permitted Use

- Use company systems only for authorized Startups India work.
- Follow approved development workflows and security practices.
- Use only authorized software, repositories and cloud services.

3. Prohibited Use

- Using company resources for personal commercial projects without written approval.
- Sharing passwords, API keys or confidential information.
- Installing unauthorized software or malware.
- Copying or removing company source code or databases without authorization.
- Creating unauthorized administrator accounts or bypassing security controls.

4. AI Tools & Open Source

- Do not upload confidential company information to public AI tools unless approved.
- Disclose any open-source libraries used in the project.
- Do not introduce software with incompatible licenses without approval.

5. Internet & Email

- Use official email accounts for company communication.
- Avoid phishing, spam and suspicious downloads.
- Protect customer and partner information in all communications.

6. Monitoring

To the extent permitted by applicable law, Startups India may monitor company-owned systems, repositories and accounts for security, compliance and operational purposes.

7. Violations

Violations of this policy may result in suspension of access, disciplinary action, termination of engagement and legal action where appropriate under the signed agreements and applicable law.

8. Acknowledgement

I have read and understood this Acceptable Use & Technology Policy and agree to comply with it.

PROJECT DELIVERY & FINAL HANDOVER CERTIFICATE

Reference No.: SI/PDHC/2026/012

1. Project Information

Project Name: _____

Version: _____

Completion Date: _____

Prepared By: _____

2. Deliverables Submitted

- Website Source Code
- Mobile Application Source Code
- Admin Panel
- CRM & Integrations
- Database & Backup
- API Documentation
- Deployment Documentation
- Technical Documentation
- UI/UX Design Files
- Testing & Bug Report

3. Access Handover

- GitHub ownership transferred/verified
- Domain and DNS verified
- Hosting & cloud access verified
- Database credentials delivered
- API keys and secrets transferred securely
- Production access confirmed

4. Declaration by Technology Team

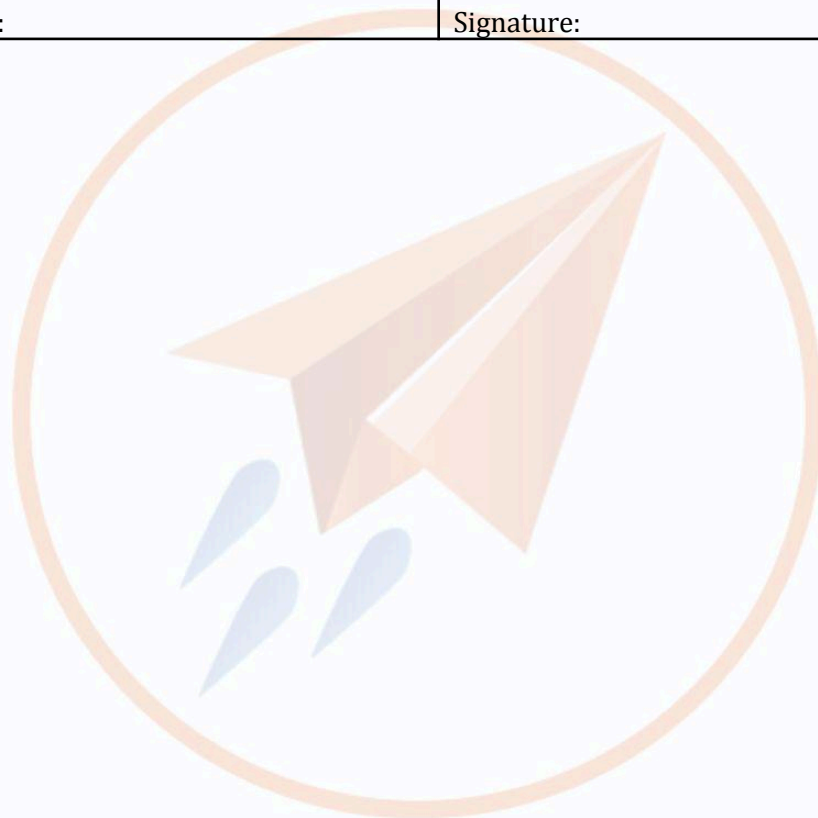

The undersigned confirms that all agreed deliverables have been handed over to Startups India. No project files, credentials, repositories or confidential information are being intentionally withheld.

5. Acceptance by Startups India

Startups India acknowledges receipt of the above deliverables, subject to any agreed acceptance testing or defect correction period.

TECHNOLOGY SUPPORT & MAINTENANCE SERVICE LEVEL AGREEMENT (SLA)

Agreement No.: SI/SLA/2026/013

1. Parties

Party 1: Startups India

Party 2: DevUP Society (Technology Support Provider)

2. Purpose

This Service Level Agreement defines the technical support and maintenance responsibilities of DevUP Society after deployment of the Startups India platform.

3. Support Scope

- Bug fixing and issue resolution.
- Application monitoring and basic troubleshooting.
- Security updates and dependency updates, where agreed.
- Technical guidance for deployment and maintenance.
- Minor enhancements only when mutually approved.

4. Service Levels

Priority	Example	Target Response
Critical	Platform unavailable	Within __ hours
High	Major feature affected	Within __ business day
Medium	Partial functionality issue	Within __ business days
Low	Minor bug / query	Next planned support cycle

5. Exclusions

- New features outside the agreed scope.
- Third-party failures beyond DevUP Society's reasonable control.
- Issues caused by unauthorized changes made by others.

6. Responsibilities

- Startups India shall provide timely issue details and required access.
- DevUP Society shall use reasonable efforts to resolve covered issues.
- Both parties shall cooperate during troubleshooting.

7. Handover & Ownership

This SLA does not transfer ownership of any software, source code, data or digital assets. All ownership remains with Startups India under the Master Agreement.

8. Term & Termination

This SLA remains in effect for the mutually agreed support period unless terminated or replaced by a written agreement.

DOCUMENT 14

DIGITAL ASSET OWNERSHIP & TRANSFER DECLARATION

Declaration No.: SI/DAOT/2026/014

1. Parties

Party 1: Startups India (Owner)

Party 2: DevUP Society (Technology Support Provider)

2. Purpose

This Declaration confirms the ownership of all digital assets created, managed or maintained for the Startups India project and records their transfer or administrative control.

3. Digital Assets Covered

- Domain Names & DNS
- Website Source Code
- Mobile Application Source Code
- Admin Panel
- CRM
- Databases & Backups
- GitHub Organization & Repositories
- Hosting & Cloud Servers
- Google Workspace & Official Email Accounts
- API Keys, Secrets & Webhooks
- Payment Gateway Accounts
- Firebase & Cloud Storage
- SSL Certificates
- Analytics & Monitoring Tools
- Figma, Canva & Design Assets
- Brand Assets & Documentation
- Social Media Accounts

4. Ownership Declaration

DevUP Society acknowledges that all of the above assets, together with any future enhancements, custom developments, documentation and configurations created for the project, are and shall remain the exclusive property of Startups India.

5. Transfer & Administrative Control

- All administrator credentials shall be handed over to Startups India.
- Any accounts created on behalf of Startups India shall be transferred or managed only under Startups India's written instructions.
- No undisclosed backup accounts or administrator credentials shall be retained.

6. Final Confirmation

DevUP Society confirms that it has no ownership claim over the digital assets listed above and shall cooperate with any additional documentation reasonably required to complete ownership or access transfer.
